

Club BRP - International

THE WORLD IS OUR PLAYGROUND

Nothing is more valuable than your playtime. That is why BRP is dedicated to continually finding new and better ways to help you enjoy your favorite powersports. From snow to water to both on- and off-road fun, our passion for adventure fuels the innovations that result in the ultimate powersports experience for our customers. We value

the land and water we play on and are committed to protecting it. Our desire to thrill is paired with an emphasis on rider responsibility, placing personal safety above all else. So that each outing can be the most enjoyable, memorable and thrilling experience possible. Because your free time should always be your best time.

CRUISE SERIES

Cruise gear has a modern, high tech style reflecting our Can-Am Spyders' – and your – personality. Yet it keeps you dry, warm or cool thanks to key features and technologies.

CRUISE JACKET

- Water-resistant jacket with RPM MAX water and wind proof breathable technology
- Teflon-treated highly wear-resistant fabric
- Soft handfeel and flexible fabric
- All-seam sealed
- Slightly shorter at front for maximum comfort when seated on vehicle
- Removable light insulation
- Nape collar cushion edge
- Shaped sleeves
- Stretchable fabric inserts for extra comfort and ease of movement
- Chest, shoulder and back ventilation
- Multi-adjustable biceps, forearms and waist
- Jacket-to-pants connector
- Inside pouches for inserting optional back, shoulder and elbow protectors (sold separately)
- Napoleon pocket with easy MP3 access
- 2 hand pockets and 1 small right chest pocket
- Minimum of 23.25 in² (150 cm²) of 3M[®] reflective details
- May require rain suit in heavy rain conditions

Shell: Nylon
Insulation: Polyester

Men's - 440669 - S, M, MT, L, LT, XL, XLT, 2XL, 3XL - Grey (09), Hi-Vis Yellow (26), Black (90)

Ladies' - 440670 - XS, S, M, L, XL, 2XL, 3XL - Sand (03), Hi-Vis Yellow (26), Black (90)

CRUISE PANTS

- Water-resistant pants with RPM MAX water and wind proof breathable technology
- Teflon-treated highly wear-resistant fabric
- Soft handfeel and flexible fabric
- All-seam sealed
- Thigh zippers for ventilation
- Stretch accordions above knees
- Stretchable fabric at seat and at crotch for added comfort
- Adjustable waist and hem
- Full-length side zippers for slipping pants on while wearing boots
- Jacket-to-pants connector
- Ergonomic fit for added comfort when riding
- Inside pouches for inserting optional knee protectors (sold separately)
- Reflective details
- Back bottom adjustment system to reduce length
- If you intend to wear these riding pants over jeans, order one size up or try them over your jeans to determine the appropriate size
- May require rain suit in heavy rain conditions

Shell: Nylon

A built-in adjustment enables you to get just the right pant length in a riding position.

Men's - 441559 - 30, 32, 34, 34T, 36, 36T, 38, 38T, 40, 40T, 42, 44 - Black (90)

Ladies' - 441560 - 4, 6, 8, 10, 12, 14, 16 - Black (90)

REMOVABLE LIGHT INSULATION

ALL SEAMS AND LOGO SEALED

THE HIGH PERFORMANCE RPM MAX LABEL SIGNIFIES THAT 100% OF SEAMS AND LOGOS ARE SEALED, SO WATER CAN'T ENTER THROUGH POTENTIAL OPENINGS.

FULL-LENGTH SIDE ZIPPERS

CALIBER SERIES

Ride all day in comfort and style with a sleek, more tailored rider-specific cut and weatherproof, breathable fabrics and features.

Ladies' 447322 • One size • Black (90)

“ The right gear, like a good base layer, makes a difference on those epic rides. You stay warm in the morning, cool in the afternoon. Perfectly balanced.”

ACTIVE BASE LAYER

- Thoroughly X-Static enhanced through to the fiber to thermodynamically regulate your temperature by conducting body heat out in warm weather and reflecting body heat back to the skin in cold weather
 - Permanently treated for long-lasting antibacterial performance undiminished even after 250+ washes
 - Silver woven into fiber immediately binds with odor-causing agents such as ammonia and denatured proteins to instantly reduce odor
 - Extra paneled in specific areas for better ventilation and accelerated drying
 - Compressed for added comfort
- 92% Polyester, 6% Spandex, 2% X-Static

Men's Top - 286332
S, M, L, XL, 2XL, 3XL - Black (90)

Men's Bottom - 286333
S, M, L, XL, 2XL, 3XL - Black (90)

ULTRALIGHT BASE LAYER

- Coconut fiber actively promotes evaporative cooling and odor absorption, and also filters moisture out while trapping warmth in
 - Mesh paneled in specific areas for better ventilation and accelerated drying
- 68% Polyester, 32% Coconut Fiber

Men's Top - 286338
S, M, L, XL, 2XL, 3XL - Charcoal Grey (07)

Men's Bottom - 286339 - S, M, L, XL, 2XL, 3XL - Charcoal Grey (07)

Breathable high performance base layers keep you dry and warm, unlike cotton, which absorbs moisture and causes you to feel cold.

THERMAL BASE LAYER

- Made of high-filament polyester enhanced by slight brushing to provide softness and warmth when weather is cooler
 - Spandex for ease of movement
- 95% Polyester, 5% Spandex (Brushed)

Men's Top - 286334
S, M, L, XL, 2XL, 3XL - Charcoal Grey (07)

Men's Bottom - 286335
S, M, L, XL, 2XL, 3XL - Charcoal Grey (07)

Ladies' Top - 286336
XS, S, M, L, XL, 2XL - White (01)

Ladies' Bottom - 286337
XS, S, M, L, XL, 2XL - Charcoal Grey (07)

MICRO-FLEECE BALACLAVA

Stretch, antibacterial warming fleece fabric with brushed inner surface. Flatlocked seams prevent skin chafing.
92% Polyester, 8% Spandex
447565 - One size - Black (90)

BASIC BALACLAVA

Designed for warmth, dryness and comfort. Flatlocked seams prevent skin chafing.
80% Nylon, 20% Spandex
447449 - One size - Black (90)

NECK WARMER

Keeps you warm while providing breathable and windproof performance. Can be adjusted to fit every morphology with toggle and drawstring at back.
95% Polyester, 5% Spandex
447410 - One size - Black (90)

NECK GAITER

Can-Am embroidery. Spandex binding for a better fit. Anti-pilling fleece.
100% Polyester
286331 - One size - Black (90)

ULTRALIGHT SOCKS

Warm and comfortable moisture-wicking for dry feet at all times. Extreme resistance to cold and active management of perspiration moisture. Dri-release wool combines latest-generation ease of care of synthetic fabric and look of natural fiber. Elastic ankle and arch support for pro feel. Ventilated mesh panel keeps feet aerated for dry, warm comfort.
42% Polyester, 34% Polyamide Nylon, 16% Polypropylene, 6% Merino Wool, 2% Elasthane
286340 - S/M, L/XL - Black (90)

THERMAL SOCKS

Same thickness as competing thermal socks, but lighter, warmer and with better moisture-wicking performance. Thermolite hollow-core fibers deliver new generation of warmth-comfort fusion. Stay-up comfort top keeps socks up. Elastic ankle and arch support for pro feel. Fully cushioned shin segment.
50% Polyester Thermolite, 32% Polyamide Nylon, 13% Merino Wool, 3% Acrylic, 2% Elasthane
286341 - S/M, L/XL - Black (90)

WINDPROOF LAYER

Coverage for your crucial body core. Windproof, warm and breathable layer. Stretch fabric and unrestricted arm movement. Zipper on shoulder for easy slip on/off, even with a helmet. Flatlocked seams to prevent skin chafing.
100% Polyester
286348 - S, M, L, XL, 2XL - Black (90)

SPORTSWEAR

Show your pride in your independence – on and off your roadster – with Can-Am Spyder sportswear. From modern to vintage, for men and women, we have the gear for you to show your true colors.

LOOK OUT FOR THESE SYMBOLS TO KNOW THE TECHNICAL FEATURES OF EACH RIDING GEAR SERIES

JACKET-TO-PANTS CONNECTOR

Prevents lower back air infiltration, and jacket/pants from riding up/down.

REMOVABLE INSULATED LINER

To adapt to the current temperature. Wear when cold, remove when warm.

POCKETS FOR REMOVABLE PROTECTORS

Pouches to insert removable protectors.

WATER RESISTANT

To keep dry in light rain conditions or on short rides.

100% WATERPROOF

To keep dry in all conditions.

WINDPROOF

To protect from air infiltration.

ADJUSTED FIT

Fits closer to the body.

RELAXED FIT

Looser fit for relaxed riding position.

+ SIZE CUT

Perfect for plus size riders.

RPM MAX

Respirative Performance Matrix coating exclusive to BRP riding gear, for perfect climate control. Shell waterproofed, windproofed and breathable to BRP riding gear specifications for demanding riders. Sealed seams and logos. Extra direct venting for more efficient moisture management during intense riding or warm weather.

CORDURA

Fabric designed for living and built to last, providing exceptional resistance to tears, scuffs and abrasions.

OUTLAST

Outlast technology is the original temperature-regulating technology. Outlast technology balances your temperature through the use of patented Thermocules™ that absorb and store excess heat, releasing it when you need it most. Products with Outlast technology respond to your constantly changing body temperature to help keep you comfortable. Not too Hot, Not too Cold.®

SYMPATEX

Best membrane on the market. Most durable, waterproof, breathable, biodegradable. No loss of technical properties as garment ages. Seams are 100% waterproof sealed with original Sympatex tape. Built with strict set of standards voluntarily applied by manufacturer over and above industry requirements.

TFL COOL SYSTEM

Sun energy reflective technology used on black textile to improve thermal balance for ultimate wearing comfort.

DWR

DWR stands for Durable Water Repellency. This treatment helps prevent the outer fabric surface from absorbing water, keeping the outerwear both light and comfortable.

HIPORA

Windproof, breathable and waterproof membrane that features unique polyurethane coating technology and delivers excellent moisture management.

TEFLON

Teflon provides an invisible barrier around fabric fibers to repel water and stains. In addition to retaining its water shedding properties longer than standard Teflon, Teflon HT and HP are also even more resistant to soiling and staining without altering the fabric's color, appearance, structure, texture and breathability. Teflon HT good up to 20 washes, and Teflon HP up to 30 washes, compared to manufactured coatings washable only 1 to 5 times.

LIFETIME WARRANTY

Bombardier Recreational Products Inc. (BRP) warrants that all its 2014 Sympatex® Riding Gear sold as new and unused by an authorized North American BRP dealer will be free from any defect in material and / or workmanship for the lifetime of the product.

The lifetime of a product does not mean your lifetime. The intensity under which the product is used determines this factor. Rips, tears, punctures, holes and burns will void the product lifetime warranty even if the warranty issue is not related to these damages.

THE ULTIMATE TECHNOLOGY FOR ULTIMATE COMFORT

KAVALIER SERIES

Jackets and pants are built with 100% water and wind resistant Sympatex membrane.

SEE P.12

TECH PLUS SERIES

One of the numerous features of Tech Plus series is the 100% recyclable Sympatex membrane that brings its famous lightness and softness.

SEE P.14

SYMPATEX GLOVES

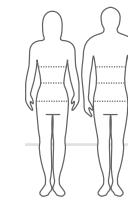

100% breathable, Sympatex is the perfect membrane for a 3-season glove.

SEE P.24

In our search for a waterproof/breathable technology for our highest performing outerwear, the advanced Sympatex membrane came out the clear solution. Unlike other technologies, it has no tiny holes to get clogged or weaken; perspiration escapes through the material itself. View the comparative chart to see why there's nothing better on the market.

	NON POROUS SYMPATEX MEMBRANE	MICRO POROUS PTFE MEMBRANE
PERFORMANCE METER	●●●●●	●●●○○
DEFENSE AGAINST LAUNDERING AND/OR CHEMICALS	Very resistant to almost everything	Won't resist everything; pores will clog and diminish the membrane's effect, especially breathability
STRETCHABILITY	To 300% of its size	To 100% of its size
BREATHABILITY	Breathability increases as heat and humidity rise	Limited to a level in time, then sweat builds up inside
WATERPROOFNESS	100% waterproof – non porous membrane will never quit	Yes, but micro pores can become weak due to the pressure of water on fabric and will eventually stretch
WINDPROOFNESS	100% windproof – non porous, meaning that wind has no way of entering	Yes, but micro pores can eventually stretch with age and will no longer be efficient
DURABILITY / LIFE CYCLE OF GARMENT	Extremely durable and tough	Relatively durable - will eventually break at flex points and pores will become blocked

SIZING CHART

HOW TO MEASURE

For best results, have someone else take measurements. Measure body in underwear. Tape must be snug but not tight. If measurements fall between two sizes, order the larger size.

HEAD

Around your head, from the center of the forehead, above the ears and over the natural bump at the back of the head.

CHEST/BUST

Measure under your arms, around the fullest part of your chest.

WAIST

Measure around your natural waistline, keeping one finger between the tape and body.

HIPS

Across the fullest part of the seat.

INSEAM

Without shoes, from crotch to the floor.

ARM LENGTH

Hand on hip, from center back neck bone, along shoulder point around elbow to bottom of wrist bone.

GLOVES

Measure palm width.

WHAT CODE REPRESENTS YOUR SIZE?

- Find your size.
- The corresponding code is **THE CODE** you use to complete the part number on your order.
Example: 440 227__90
Size: M = code 06
Therefore 440 227 06 90

For tall sizes, look for the "T" next to the size. Example: "MT" stands for Medium Tall.

YOUR ADVENTURE. YOUR CAN-AM SPYDER.

What transforms a casual ride into an adventure of a lifetime? Simple: a perfect road, a perfectly equipped machine, and an irresistible desire to see what's around the next bend. Ride with us as we explore 3 prime destinations best enjoyed on a Can-Am Spyder outfitted with the accessories that'll make any quintessential journey that much better.

PACIFIC COAST HIGHWAY

Adventures On The Edge of America

The Pacific Coast Highway is where intrepid travelers will swear lies Nirvana, conveniently nestled along 650 miles of highway that's more legend than mere road. It's giant redwoods, surf-lashed cliffs, and sunsets in a myriad of colors... it's perfection with a white line painted down the middle. Truly, it's as much of a destination as it is a journey, and like all great journeys is equal parts exploration, adventure and amazement. From its southern reaches in opulent Orange County, to its northernmost point, the Pacific Coast Highway is a feast for the senses. Almost always the only thing between California and the ocean, it wends its way past busy, bustling Los Angeles, up through Ventura County and on to San Simeon, home of the fabled Hearst Castle. It's a road dotted with history, and lined with luxury – colonies of elephant seals, beaches that beckon, and more than few bridges that'll catch your breath and turn heads. Here Big Sur became an icon for a restless generation, and Monterey, the home for the world-renowned jazz festival. Of course one can't travel the Pacific Coast Highway without experiencing the stately Golden Gate Bridge, which carries it across San Francisco Bay. And you'll want to swing by picturesque Bodega Bay, where Alfred Hitchcock shot his classic The Birds – but don't feed the gulls... The Pacific Coast Highway ends in Mendocino County – this is where California begins its gradual transformation into Oregon – cooler air, greener mountains and yet more roads that you can claim for your own. Look out beyond the horizon - an entire world awaits discovery, and a well-equipped Can-Am Spyder is eager to take you there.

EXPLORE THE COAST OF QUÉBEC

A World Out of the Ordinary

There's no denying that any place that manages to strike the right balance between the comfortingly familiar and exciting unknown has to be explored on a Can-Am Spyder. The striking coastline of Québec is just such a destination. The invigorating smell of salt water, the rhythms of the tide, and small-town warmth all abound here. Québec offers pristine highways, great hotels, amazing restaurants and miles of picture book scenery wrapped in a European flair and a charming French accent. But language is no barrier here... after all, hospitality and a welcoming smile are understood the world over – and we think they might have been perfected in Québec. Québec has over 10,000 km of coastline, but very little of it is easily accessible, however the north shore of the mighty Saint Lawrence River is accessible and inviting! Drop by historic Québec City, where massive stone ramparts still stand as silent witnesses to a turbulent past before heading east to enchanting Cap Tourmente, a spectacular national wildlife refuge and thriving wetland. From here it's almost a straight line along the coast to Baie St. Paul, home to great restaurants, and a vibrant arts community. Next it's La Malbaie, home to stately Manoir Richelieu, a chateau-style hotel built at the turn of the last century. The 21st century has it attracting even more guests with its grand casino and world-class golf course. Ride on to St. Simeon and ferry across the St. Lawrence for a change of scenery on your way home, or head to Tadoussac to travel up the length of the Saguenay, a deep river lined with precipitous fjords. The highways along the St. Lawrence really are Can-Am Spyder territory, open air, open road, and proof positive that some of the best of Europe is right here in North America.

GEORGIA

A State of Pure Bliss...

Georgia is a rider's paradise; a destination that words can do little justice for. Travel its length down I-95 and discover some of the most alluring roads along the east coast. If you're looking for a scenic mountain adventure, Georgia's got it. Feel like beach hopping? Georgia's got that too. In the mood for a road trip filled with fairs and festivals or for endless miles of forested back roads and the lush green carpeting of the countryside? Yup, Georgia again. And we haven't even mentioned Atlanta, possibly the fastest growing, most exciting city America has served up since the revolution. There's a Georgia for everyone... Nature lovers can make a beeline for the Northeast Georgia Mountains or the High Country, where lakes, rivers, mountains and plenty of small-town charm await. The genteel appeal of the plantations and magnolia-scented charm of a bygone era paint the canvas statewide, but it's particularly evident in the southern plains. Here lies a treasure trove of history and heritage; expansive properties and mansions straight out of Gone With the Wind surrounded by acre upon acre of cotton, peaches, peanuts and pecans. A journey here is as much a feast for the eyes as it is a treat for the taste buds. Top-notch accommodations and exquisite dining are part of Georgia's DNA, and a day or two in Atlanta prove it. Here the best of the south and the finest of cosmopolitan America combine with unlimited excitement.

ESSENTIAL ACCESSORIES TO HAVE ON A ROAD TRIP

RT-622 TRAILER

Bring everything you need on your road trip with the innovative and sleek looking RT-622 trailer. It matches your Can-Am Spyder RT or ST perfectly and it offers more cargo space than most economy cars with 22 cu. ft. of storage space. Plus, the trailer was designed not to affect the handling or the performance of your roadster. This means you will get the same peace-of-mind riding with the trailer as you do without it.

GEAR UP RIGHT!

You never know what weather condition you will hit on the way, so you better be prepared. Consider the Can-Am Tech Plus Series (p.15). It's 100% water and wind resistant with Sympatex weatherproof and breathable membrane. It is also extremely light, soft and comfortable and offers numerous ventilations. You can even zip in the Can-Am Technical Jacket (p.27) to add an extra layer on colder days. It really adapts to the weather to offer you the best protection and best comfort all day.

COMFORT SEAT AND DRIVER BACKREST

The way you sit on your roadster will inevitably impact the mileage you can do in a day. Try replacing your seat by a Comfort Seat (p.46). It is roomier for the driver - without compromising the passenger space - and offers great lumbar support. It is also ready to receive the new driver backrest for even more comfort. Plus, a heated version (p.46) is also available for those who like to extend their riding season.

CAN-AM SPYDER RT ACCESSORIES

Sometimes you want a little more. That's our approach to accessories for the Spyder RT. A little more protection. A little more comfort. A little more cargo capacity. A little more bling. When you customize your RT with BRP accessories, you get a lot more enjoyment.

ADJUSTABLE VENTED WINDSHIELD P.43

TRI AXIS ADJUSTABLE HANDLEBAR P.44

AKRAPOVIČ SPORT TOURING 3C SILENCER P.45

HEATED COMFORT SEAT P.46

DRIVER BACKREST P.47

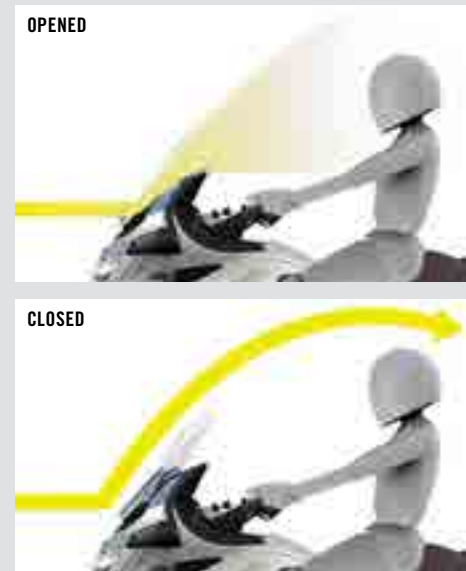

CUSTOMIZE YOUR WIND PROTECTION

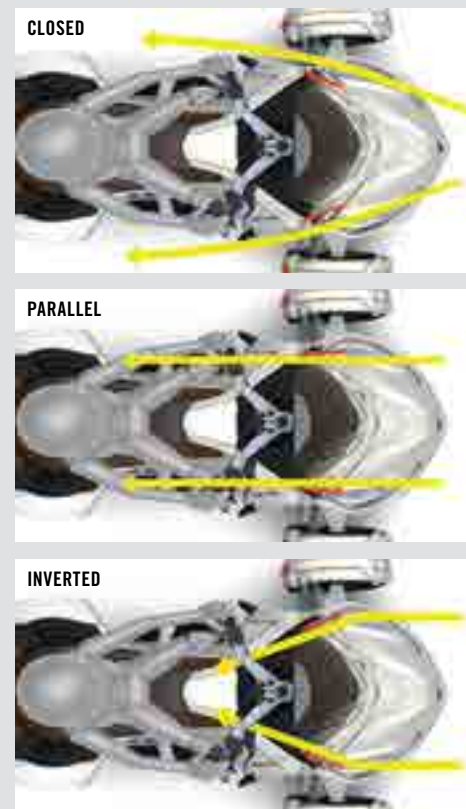

“This windshield is our climate control system...when it's hot the breeze is great, when it's chilly, it protects us.”

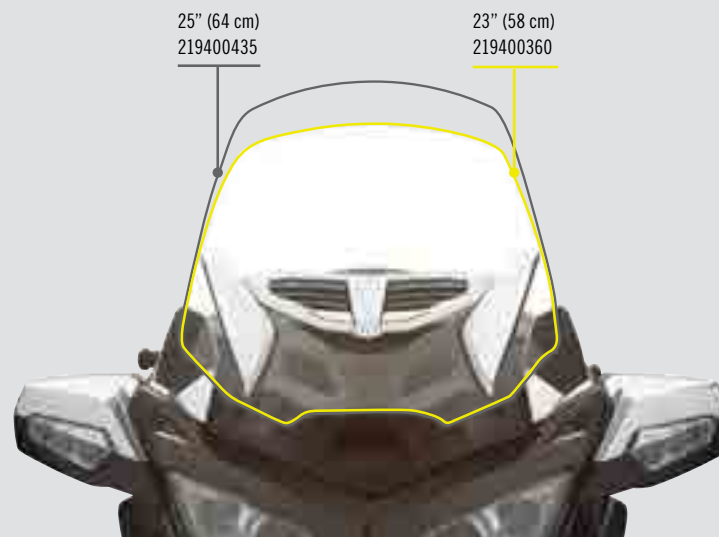

ADJUSTABLE VENTED WINDSHIELD

ADJUSTABLE SIDE WIND DEFLECTORS

Adjustments are so simple, they can be made in a few seconds.

ADJUSTABLE VENTED WINDSHIELD

Regulates driver frontal airflow. Integrated adjustable vent offers easy infinite management of horizontal slats from closed to fully open.

Spyder RT 2014 and prior

25" - 219400435 - Clear with chrome 23" - 219400360 - Clear with chrome

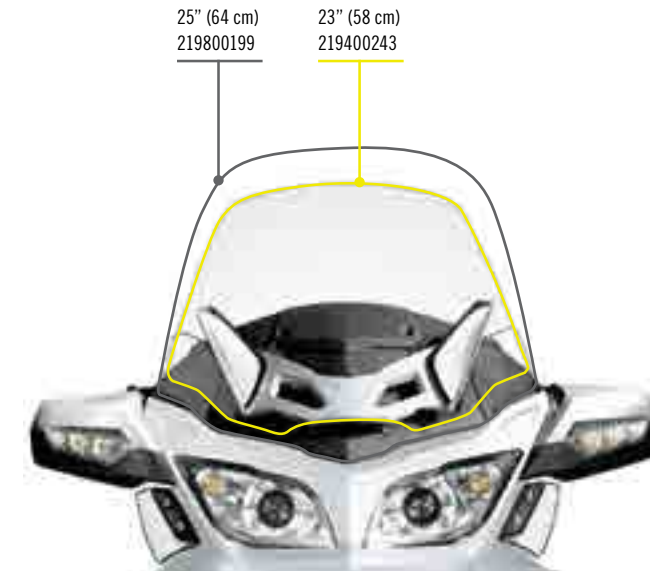

ADJUSTABLE SIDE WIND DEFLECTORS

Regulate passenger and driver airflow. 3 preset positions (closed, parallel and inverted). Easy tool-less click adjustment.

Spyder RT 2014 and prior

219400362 - Clear 219400413 - Chrome

Unlike competing deflectors, these do not require you to drill holes in your vehicle.

TOURING WINDSHIELD (OPTIONAL PRODUCTION WINDSHIELD)

H 25" (63.5 cm) x W 24" (61 cm). Standard on Spyder RT 2011 & 2012 models.

Spyder RT 2014 and prior (service kit)

219800199 - Clear

TOURING WINDSHIELD

23" (58 cm). Lower and narrower design for riders looking for less wind protection than that provided by the stock RT model.

Spyder RT 2014 and prior

219400243 - Clear

You can make any year Can-Am Spyder look like the latest model by simply changing the fenders.

FRONT FENDERS

Sporty look with a slim profile and integrated position lights and reflectors. Front Fender Support (219400359) is required (sold separately). Standard on 2013, 2014 Spyder RT-S, RT Limited, ST-S, ST Limited and RS-S packages. Sold in pairs.

Spyder RS, RT, ST 2014 and prior

219400423 - Pure Magnesium
219400424 - Satin Black
219400467 - Pearl White

FRONT FENDER SUPPORTS

Support for Front Fenders, including position lights, reflectors and hardware. Front Fenders sold separately. Sold in pairs.

Spyder RS, RT, ST 2014 and prior
219400359 - Black

Installing a Vented Windshield on your Spyder RT is a good way to reduce backdrafts.

VENTED WINDSHIELD

2013-2014 standard windshield with openings. Retrofits all Spyder RT models.

Spyder RT 2014 and prior

219400415 - Clear

CUSTOMIZE YOUR RIDING POSITION

3 DIFFERENT AXES ENABLE YOU TO ADJUST THE HANDLEBAR HEIGHT, WIDTH AND ARM DISTANCE.

THE LEFT AND RIGHT SIDES OF THE BAR ARE LINKED SO THEY'RE ALWAYS IN SYNC.

Watch the Tri Axis Adjustable Handlebar in action at store.spyder.brp.com/video

TRI AXIS ADJUSTABLE HANDLEBAR

State-of-the-art adjustable handlebar reduces fatigue and delivers comfort for all riders thanks to unlimited adjustment possibilities. 3 different axes allow you to adjust the handlebar in terms of height and width, and forward/rearward distance. Left and right bars are linked together and rotate simultaneously during adjustment. Easy Allen key adjustment system. Handlebar reuses existing production handgrips, comodo, electrical and clutch cables, and sits directly on the stock steering column. GPS Support for the Adjustable Handlebar (219400408) sold separately.

Spyder RT 2014 and prior
219400344 - Carbon Black 219400414 - Chrome

First and only fully adjustable handlebar on the market.

AKRAPOVIČ SILENCERS

TOP FEATURES

INNOVATIVE DESIGN

First hexagonal shaped silencer, which created a storm in the industry.

THE BEST MATERIALS

Premium titanium shell construction with carbon fiber end cap and heat shield renders these silencers 55% lighter than the stock silencer.

THE UNMISTAKABLE SOUND OF AKRAPOVIČ

Trademark deep resonant sound that you won't hear anywhere else.

EPA, CARB AND CE CERTIFIED

Rigorous measurement, testing and quality control ensure silencers meet the most stringent standards.

LIGHT THE NIGHT

HID XENON LIGHTING SYSTEM

High and low beam system providing three times more light on the road than conventional halogen headlights. Revolutionary technology streams Xenon gas and other noble gases in tubes anchored between two high-voltage electrodes that emit a bright bluish white light when activated. Improves night visibility thanks to attractively cool and comfortable light very close to natural sunlight.

5-LED Front Headlamp Accent Lighting Kit (219400188) sold separately.

Spyder RT 2012 and prior
219400135

5-LED FRONT HEADLAMP ACCENT LIGHTING KIT

Additional luminescence for improved visibility and more spectacular arrivals. Standard on Spyder RT-S and RT Limited packages.

Spyder RT 2014 and prior
219400188

FOG LIGHTS

Enhance low beam light for better visibility at ground level and on sides. Uniquely styled halogen fog lamps feature a 35W bulb and clear lens with a faceted inner reflector. Easy installation. Standard on Spyder RT-S and RT Limited packages.

Spyder RT 2014 and prior
219400137

**GPS NAVIGATION SYSTEM WITH ADJUSTABLE SUPPORT**

Garmin Zumo 660 with Bluetooth capability. Generously-lit and sunshine-readable 4.3" (10.9 cm) touchscreen color display eases navigation on a bright day or moonless night. Information appears in easy-to-read format. Glove-friendly intuitive interface with large buttons. Left-handed controls make entering information as easy as shifting gears. Rugged waterproof case resists fuel sprays and UV rays. Includes harness for vehicles with or without AM/FM radio. Comes with adjustable support that fits on stock handlebars. The support conveniently swivels to offer the right position for all riders or light conditions. Includes casting, electric harness, rubber boot and hardware.

Spyder RT 2014 and prior, RS, ST 2013-2014
219400463

**GPS SUPPORT FOR TRI AXIS ADJUSTABLE HANDLEBAR**

Rotates to suit multiple adjustable handlebar settings. Includes casting, electric harness, rubber boot and hardware. GPS sold separately.

Spyder RT 2014 and prior
219400408 - Carbon Black

ADJUSTABLE GPS MOUNTING KIT (FOR STOCK HANDLEBAR)

Mounting kit for Garmin Zumo 660 with adjustable support that fits on stock handlebars. The support conveniently swivels to offer the right position for all riders or light conditions. Includes casting, electric harness, rubber boot and hardware. GPS sold separately.

Spyder RT 2014 and prior, RS, ST 2013-2014
219400402 - Carbon Black

**ADJUSTABLE AIR REAR SUSPENSION KIT**

FRONT AND REAR LID OPENING

COIL OVER INDEPENDENT SUSPENSION

INTEGRATED LIGHTING SYSTEM SIMILAR TO VEHICLE

RT-622 TRAILER

The finest trailer the market has to offer. No other trailer manufacturer packs in as many features for the price. Specifically designed for the Spyder RT and Spyder ST. Matching fiberglass body shell with integrated vehicle design and features. Coil over independent suspension. 12" cast aluminum wheels. Fully loaded with 22 cu. ft. (622 liters) of cargo capacity. Front and rear lid opening with matching keylock (key and barrel kit (219400180) sold separately for Spyder ST model). Gas shocks ease accessibility and maximize loading capabilities. Utilizes integrated lighting system similar to vehicles. Thermoformed and seamless fully carpeted interiors. Can also match other vehicles using the 4-Pin Trailer Adaptor Harness (219400437). Strictly compatible with RT and ST hitch and module. Picture may differ from actual product. 2-year warranty.

HID XENON LIGHTING SYSTEM

Our HID Xenon high and low beam lighting system provides revolutionary lighting for 3 times more light on the road compared to traditional halogen headlights. Each light uses a tube of Xenon gas, and small amounts of other noble gases, placed between 2 high-voltage electrodes that emit a bright bluish white light when electrodes are activated. Quality German-made Hella ballasts are used to regulate the flow of electricity providing a high intensity beam that never fluctuates. HID lights consume only 35W of electricity, making them over 3 times more efficient than traditional halogen bulbs. Attractive light is comfortable and very close to natural sunlight. Improves night visibility.

Spyder RS 2012 and prior
219400083

COMBINATION HARNESS

Required when combining the HID Xenon Lighting System (219400083) and the Fog Lights (219400084).

Spyder RS 2012 and prior
219400089

FOG LIGHTS

Enhance low beam light for better visibility at ground level and on the sides of your vehicle. Uniquely styled halogen fog lamps feature a 35W bulb and clear lens with a faceted inner reflector. Easy installation.

PARTS & MAINTENANCE

Remember that feeling when you picked up your Can-Am Spyder and it performed and looked perfectly? You can keep that feeling for years if you care for it the right way. We have everything you need – designed specially for the Can-Am Spyder – including the know-how.

5 ESSENTIAL BRP PRODUCTS TO ENSURE A PROPER TUNE-UP

BRP's commitment to quality means that every vehicle is engineered to the highest standards of reliability. However, a lack of proper maintenance can cause even the best components to fail eventually.

BY USING ORIGINAL BRP MAINTENANCE PARTS, YOU ARE TAKING CARE OF YOUR INVESTMENT.

XPS ENGINE OILS

XPS 4-STROKE SYNTHETIC OIL - ALL CLIMATE GRADE*

Unlike other ordinary 4-stroke motor oils, XPS all climate grade synthetic 4-stroke oil is specifically engineered to meet the particular lubrication requirements of the Can-Am roadster vehicles equipped with Rotax 4-TEC™ 4-stroke engines. Provides easier starting in very cold temperatures.

1 quart / 946 ml • 293600112
1 US gallon / 3.785 L • 293600115

XPS 4-STROKE BLEND OIL SUMMER GRADE*

Synthetic blend 4-stroke engine oil for the Rotax 4-TEC engine. XPS summer grade synthetic blend on-road vehicle engine oil is a high performance oil developed for riders that demand maximum engine performance and protection during all operating conditions.

1 quart / 946 ml • 293600121
1 US gallon / 3.785 L • 293600122

XPS 4-STROKE OIL CHANGE KIT*

Complete maintenance right out of the box: O-Ring, XPS Oil, Rotax Oil Filter and instruction sheet.

SM5 219800207
SE5 219800208

TOP REASONS WHY YOUR BRP ROTAX ENGINE DESERVES XPS

SUPERIOR LUBRICANTS FOR BOTH ENGINE AND TRANSMISSION.

MUCH HIGHER QUALITY BASE STOCK THAN STANDARD AUTOMOTIVE OIL.

ADDITIONAL CORROSION PROTECTION FOR WET ENVIRONMENTS
AND PERIODS OF EXTENDED NON-USE.

TESTED AND OPTIMIZED TO PERFORM IN EVERY 4-STROKE ROTAX ENGINE.

XPS OILS: THE ONLY OIL RECOMMENDED BY BRP'S ENGINEERING TEAM.

XPS MAINTENANCE PRODUCTS

FUEL STABILIZER

Fuel additive to protect against fuel contamination and residue build-up in carburetors and gas lines. Should always be used before storing your Can-Am roadster vehicle. Suitable for all gasoline engines.
413408601

XPS DOT 4 BRAKE FLUID

Exceeds DOT 3 and 4 requirements. Unique low-moisture formulation providing maximum protection against vapor lock. Recommended in Ski-Doo snowmobiles and Can-Am roadster vehicles.
293600131

PRE-MIXED ANTIFREEZE/COOLANT

Pre-mixed ready to top up your coolant level. Blended to perform best in our Rotax engines with anti-corrosive additive.

1 quart / 946 ml
219700362 (2 years)
219702685
(Long-lasting 5 years)

XPS CLEANERS

XPS ROADSTER CLEANING AND DETAILING KIT

Includes multi-surface Metal Polish, degreasing Roadster Wash, showroom shine Spray Cleaner & Polish, super absorbent and machine washable Microfiber Towels.
219701712

XPS ROADSTER WASH

A green degreaser that removes dirt and road grime better than any other cleaner. Simply spray on and rinse off. When used as directed, XPS Roadster Wash is safe for all roadster finishes and is biodegradable and non-toxic.
219701703

XPS METAL POLISH

Cleans, polishes and protects most metal surfaces, such as chrome, stainless steel, nickel, aluminum, brass, bronze, copper, platinum, magnesium and more. (Not recommended for use on anodized or clear-coated finishes.)
219701707

XPS SPRAY CLEANER & POLISH

Removes road grime, dirt, grease and bugs from land vehicles as well as scum lines and water marks. Spray on, then buff out, without water. When used as directed, it leaves a showroom shine that protects against sun damage, ozone damage and dirt accumulation. XPS Spray Cleaner & Polish works great on painted surfaces, fiberglass, chrome and plastics found on your watercraft, roadster, motorcycle, snowmobile and more.
219701706

XPS BRAKES & PARTS CLEANER

A concentrated blend of solvents with a powerful blasting spray that effectively removes grease, grime, brake fluid and other contaminants from brake components and metal parts without the need for disassembly. This brake and parts contact cleaner evaporates instantly and completely leaving no residue to hinder performance. Contains no ozone depleters.
219701705 (US)

XPS MICROFIBER TOWELS

The latest in high-quality detailing towels. Made up of extremely fine fibres, their soft surfaces have been perfected for drying and polishing boats, motorcycles, roadsters, cars or any shiny finish. XPS Microfiber Towels are so absorbent they hold up to seven times their weight in water. Machine washable means they can be used over and over again.
219701759

RIDE IT HARD. TREAT IT RIGHT.

**XPS. THE ONLY OIL ENGINEERED BY BRP
FOR THE LEVEL OF PERFORMANCE YOU EXPECT.**
